A few suggestion from **MOTHER TERESA of CALCUTTA**

"If you do good, they will say that you do it for selfish ulterior motives... does not matter, just good.

If you realize your goals, meet people who hinders you... no matter, realize.

The good you do today may be forgotten: ... no matter, does good.

People you have helped, maybe will not be grateful, ... it does not matter, help her.

People are unreasonable, illogical, self-centered... does not matter, love him.

What you have built will be destroyed: ... never mind, build.

Honesty and frankness make you vulnerable: ... it does not matter, be honest and sincere.

Give to the world the best of you, and perhaps you'll be kicked ... does not matter, gives the best of you.
